Küppersbusch Individual: Even more diversity!

People all love different things. Different colours. Different fashions. Different music. Our individuality and personality make each of us who we are.

The Küppersbusch Individual concept offers customers the possibility to adapt our appliances to suit their personal preferences. Many fronts come in a choice of black or white. You now have a choice of seven colours and materials for the design elements. In addition to the applications already known – Stainless Steel, Black Chrome, Silver Chrome, Gold and Black Velvet – Küppersbusch now offers the new Copper and Hot Chili design elements. Maximum variability, individual style.

And that's not all! Küppersbusch offers even more design options for individual built-in appliances with its new INDIVIDUAL PLUS on pages 28–33.

Stainless Steel

INDIVIDUAL PLUS

Upgrade your kitchen

The new colour and material combinations in the Individual Concept

The new unique design concept was introduced in 2013 and enables the customisation of built-in kitchen appliances by the selection of different coloured handles and stripes. Due to the positive response, additional colour and material combinations are now being added to the Individual Concept. Consequently, Küppersbusch is reacting to current trends in the kitchen furniture industry in 2015 by presenting bar handles and visible panels in Black Velvet and Silver Chrome with wood, stone, gold and copper inlays and inlays embellished with Swarovski® crystals in addition to the “Copper” and “Hot Chili” options introduced in 2014.

Based on the motto “Upgrade your kitchen”, in addition to the designs in Stainless steel, Black Chrome, Silver Chrome, Gold and Black Velvet, customers can now also order the new design kits with different inserts or in a bicolour design and thus perfectly match their built-in appliances to their kitchen furniture. Even existing Küppersbusch built-in appliances can be upgraded with the new Individual kits: for all ConceptLine® appliances as well as the Black Velvet/Silver Chrome designs, the handles can be easily switched out for the new designs.

Photo: Design Silver Chrome with stone inserts

The wood inlays for the Silver Chrome and Black Velvet design kits are in the same wood as the kitchen units.

Unlimited individuality

INDIVIDUAL PLUS is made up of the Silver Chrome or Black Velvet design kits and one of the handles shown here in the corresponding basic colour. Since the kits are not assembled when supplied, customers can decide whether to have the whole kit mounted or perhaps only the handle when assembling the kits on site.

Even existing Küppersbusch built-in appliances can be upgraded with the new INDIVIDUAL PLUS: The handles can easily be exchanged for the new INDIVIDUAL PLUS designs for all the ConceptLine® appliances and the appliances designed in Black Velvet or Silver Chrome.

Design kits INDIVIDUAL PLUS	Handle acc. no.	Appliance with design kit INDIVIDUAL PLUS (example)*
Silver Chrome design kit + Silver Chrome handle/gold inlay	8004	(EEB 6550.9 JX + acc. no. 4001) + acc. no. 8004
Silver Chrome design kit + Silver Chrome handle/stone inlay	8002	(EEB 6550.9 JX + acc. no. 4001) + acc. no. 8002
Silver Chrome design kit + Silver Chrome handle/Swarovski® crystal	8005	(EEB 6550.9 JX + acc. no. 4001) + acc. no. 8005
Silver Chrome design kit + Silver Chrome handle/copper inlay	8003	(EEB 6550.9 JX + acc. no. 4001) + acc. no. 8003
Silver Chrome design kit + Silver Chrome handle/groove for wood inlays	8001	(EEB 6550.9 JX + acc. no. 4001) + acc. no. 8001**
Black Velvet design kit + Black Velvet handle/gold inlay	8014	(EEB 6550.9 JX + acc. no. 6001) + acc. no. 8014
Black Velvet design kit + Black Velvet handle/stone inlay	8012	(EEB 6550.9 JX + acc. no. 6001) + acc. no. 8012
Black Velvet design kit + Black Velvet handle/Swarovski® crystal	8015	(EEB 6550.9 JX + acc. no. 6001) + acc. no. 8015
Black Velvet design kit + Black Velvet handle/copper inlay	8013	(EEB 6550.9 JX + acc. no. 6001) + acc. no. 8013
Black Velvet design kit + Black Velvet handle/groove for wood inlays	8011	(EEB 6550.9 JX + acc. no. 6001) + acc. no. 8011**

* Example: Appliance article number plus accessory no. for the design kit plus accessory no. for the handle. EEB 6550.9 JX with a Silver Chrome/Gold design kit (EEB 6550.9 JX + acc. no. 4001 + acc. no. 8004)

** In order to ensure that the wood inlay matches the kitchen perfectly, it must be ordered separately from a kitchen retailer (measurements for the inlay on the following double page). The cost of these wood inlays will vary depending on the type of wood and the unit manufacturer. Please ask your kitchen retailer.

The following double page has more information on ordering and delivery.

INDIVIDUAL ORDER

The example using the EEB 6550.9 built-in oven in black on the page on the right shows the process for an order. The principle is naturally the same for white appliances.

Design options

INDIVIDUAL

Design Stainless Steel 1

This model continues to be supplied pre-assembled, except for the models: EEBD 6600, EKDG 6900 and EKV 6500.

Design Black Chrome 3001

Design Silver Chrome 4001

Design Gold 5001

Design Black Velvet 6001

Design Copper C6000

Design Hot Chili R6000

In the case of the Black Chrome to Hot Chili design options, the corresponding appliance is ordered with an article number, but the design kits are not pre-assembled on delivery.

INDIVIDUAL PLUS

Design Silver Chrome + Wood 8001

Design Silver Chrome + Stone 8002

Design Silver Chrome + Copper 8003

Design Silver Chrome + Gold 8004

Design Silver Chrome + Swarovski® crystal 8005

Design Black Velvet + Wood 8011

Design Black Velvet + Stone 8012

Design Black Velvet + Copper 8013

Design Black Velvet + Gold 8014

Design Black Velvet + Swarovski® crystal 8015

The Individual Plus designs are made up of the Silver Chrome or Black Velvet design kits and a separate handle as an attachment.

Note: in the case of models with wood, the inlay is to be ordered separately from your kitchen manufacturer. Please refer to the drawing for the dimensions of the two 1-mm deep grooves.
